NEWRANGE GOLD CORPORATION
MANAGEMENT INFORMATION CIRCULAR

(As at September 24, 2018 and in Canadian dollars, except where indicated)

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Newrange Gold Corporation (the “Corporation”) for use at the Annual General Meeting of Shareholders of the Corporation to be held on Wednesday, October 31, 2018 (the “Meeting”) and any adjournment thereof at the time and place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors and regular employees of the Corporation. All costs of solicitation will be borne by the Corporation.

These security holder materials are being sent to both registered and non-registered owners of the common shares (“Common Shares”) of the Corporation. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary (as defined below) holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. (For further information relating to non-registered owners, see the discussion below under “INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF COMMON SHARES”.)

**APPOINTMENT OF PROXYHOLDERS
AND COMPLETION AND REVOCATION OF PROXIES**

The persons named (the “Management Designees”) in the enclosed Proxy have been selected by the directors of the Corporation and have agreed to represent as Proxyholder the shareholders appointing them.

Shareholders have the right to designate a person (who need not be a shareholder) other than the Management Designees to represent them at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Proxy the name of the person to be designated and by deleting therefrom the names of the Management Designees, or by completing another proper form of Proxy and delivering the same to the transfer agent of the Corporation. Such shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as Proxyholder and provide instructions on how the shareholder’s Common Shares are to be voted. The nominee should bring personal identification with them to the Meeting.

To be valid, the Proxy must be in writing, dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the Proxy), unless the shareholder chooses to complete the Proxy by telephone or the internet as described in the enclosed Proxy form. The Proxy must then be delivered to the Corporation's transfer agent, Computershare Investor Services Inc. (Attention: Proxy Department), 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, Canada at least 48 hours, excluding Saturdays, Sundays and holidays, before the time for holding the Meeting or any adjournment thereof. Proxies received after that time, or prior to any re-commencement of the Meeting after an adjournment, may be accepted or rejected by the Chairman of the Meeting in the Chairman's discretion, and the Chairman is under no obligation to accept or reject late Proxies.

A Proxy may be revoked by a shareholder personally attending at the Meeting and voting their Common Shares. A shareholder may also revoke their Proxy in respect of any matter upon which a vote has not already been cast by depositing an instrument in writing executed by the shareholder or by their authorized attorney in writing, or, if the shareholder is a company, under its corporate seal by an officer or attorney thereof duly authorized, either at the office of the transfer agent at the foregoing address at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the Proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting, or any adjournment thereof prior to the commencement thereof.

INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF COMMON SHARES

The Common Shares owned by many shareholders of the Corporation are not registered on the records of the Corporation in the beneficial shareholders' own names. Rather, such Common Shares are registered in the name of a securities dealer, bank or other intermediary, or in the name of a clearing agency (referred to in this Information Circular as an "Intermediary" or "Intermediaries"). Shareholders who do not hold their Common Shares in their own names (referred to in this Information Circular as "non-registered owners") should note that **only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. A non-registered owner cannot be recognized at the Meeting for the purpose of voting his or her Common Shares unless such holder is appointed by the applicable Intermediary as a proxyholder.**

Non-registered owners who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as "NOBOs". Those non-registered owners who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as "OBOs".

In accordance with applicable securities regulatory policy, the Corporation has elected to seek voting instructions directly from NOBOs. The Intermediaries (or their service companies) are responsible for forwarding this Information Circular and other Meeting Materials to each OBO, unless the OBO has waived the right to receive them.

Meeting Materials sent to non-registered owners who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a “VIF”). This form is provided instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered owner is able to instruct the registered shareholder how to vote on behalf of the non-registered owner. VIFs, whether provided by the Corporation or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered owners to direct the voting of the Common Shares which they beneficially own. If a non-registered owner who receives a VIF wishes to attend the Meeting or have someone else attend on his or her behalf, then the non-registered owner may request a legal proxy as set forth in the VIF, which will grant the non-registered owner or his or her nominee the right to attend and vote at the Meeting.

In addition to those procedures, recent amendments to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) allow a NOBO to submit to the Corporation or an applicable intermediary any document in writing that requests that such NOBO or its nominee be appointed as the NOBO’s proxyholder. If such a request is received, the Corporation or the intermediary, as applicable, must arrange, without expense to the NOBO, to appoint such NOBO or its nominee as a proxyholder and to deposit that proxy within the time specified in this Information Circular, provided that the Corporation or the intermediary receives such written instructions at least one business day prior to the time at which proxies are to be submitted for use at the Meeting; accordingly, any such request must be received by 8:00 a.m. (Pacific time) on Monday, October 29, 2018.

The Corporation does not intend to pay for intermediaries to forward to OBOs under NI 54-101 the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*, and an OBO will not receive those materials unless the OBO’s intermediary assumes the cost of delivery.

IF YOU ARE A NON-REGISTERED OWNER AND WISH TO VOTE IN PERSON AT THE MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE “REQUEST FOR VOTING INSTRUCTIONS” (VIF) THAT ACCOMPANIES THIS INFORMATION CIRCULAR.

VOTING OF PROXIES

Voting at the Meeting will be by a show of hands, each registered shareholder and each Proxyholder (representing a registered or unregistered shareholder) having one vote, unless a poll is required (if the number of Common Shares represented by Proxies that are to be voted against a motion are greater than 5% of the votes that could be cast at the Meeting) or requested, whereupon each such shareholder and Proxyholder is entitled to one vote for each Common Share held or represented, respectively. Each shareholder may instruct their Proxyholder how to vote their Common Shares by completing the blanks on the Proxy. All Common Shares represented at the Meeting by properly executed Proxies will be voted or withheld from voting when a poll is required or requested and, where a choice with respect to any matter to be acted upon has been specified in the form of Proxy, the Common Shares represented by the Proxy will

be voted in accordance with such specification. **In the absence of any such specification as to voting on the Proxy, the Management Designees, if named as Proxyholder, will vote in favour of the matters set out therein.**

The enclosed Proxy when properly completed and delivered and not revoked confers discretionary authority upon the Management Designees, or other person named as Proxyholder, to vote with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Corporation is not aware of any such amendments or, variations or any other matters which may come before the Meeting. If other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of the Corporation.

In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an “ordinary resolution”) unless the motion requires a “special resolution” in which case a majority of 66-2/3% of the votes cast will be required.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set forth herein, management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer of the Corporation since the commencement of the Corporation’s last completed financial year, or of any proposed nominee for election as a director of the Corporation, or of any associate or affiliate of any of such persons, in any manner to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

QUORUM

The Articles of the Corporation provide that a quorum for the transaction of business at any meeting of shareholders shall be two persons, who are, or who represent by proxy, shareholders who in the aggregate, hold at least five percent of the issued and outstanding Common Shares of the Corporation entitled to be voted at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares. As at September 24, 2018 (the “Record Date”) the Corporation had 78,320,565 Common Shares issued and outstanding. There are no other shares issued or outstanding of any class as at the Record Date. The Common Shares are the only shares entitled to be voted at the Meeting, and holders of Common Shares are entitled to one vote for each Common Share held.

Any shareholder of record at the close of business on September 24, 2018 who either personally attends the Meeting or who has completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have his or her shares voted at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation as at the Record Date.

STATEMENT OF EXECUTIVE COMPENSATION

Unless otherwise noted the following information is for the Corporation's last completed financial year (which ended April 30, 2018) and, since the Corporation has subsidiaries, is prepared on a consolidated basis.

A. Named Executive Officers

For the purposes of this Circular, a Named Executive Officer ("NEO") of the Corporation means each of the following individuals:

- (a) a chief executive officer ("CEO") of the Corporation;
- (b) a chief financial officer ("CFO") of the Corporation; and
- (c) each of the Corporation's three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, whose total compensation was, individually, more than \$150,000 as determined in accordance with subsection 1.3(5) of Form 51-102F6V *Statement of Executive Compensation – Venture Issuers*, at the end of financial year April 30, 2018.

The NEOs of the Corporation, including any of its subsidiaries, in the most recently completed financial year are Robert Carrington, President and CEO and David Cross, CFO, of the Corporation.

All dollar amounts referenced herein are Canadian Dollars unless otherwise specified.

B. Oversight and description of director and named executive officer compensation

The Compensation Committee of the Corporation's board of directors (the "Board") is responsible for adopting appropriate procedures for executive compensation and making recommendations to the Board with respect to the compensation of the Corporation's executive officers. The Compensation Committee aims to ensure that total compensation paid to all NEOs is fair and reasonable and is consistent with the Corporation's compensation philosophy.

The Compensation Committee is also responsible for recommending compensation for the directors and granting stock options to the directors, officers and employees of, and consultants to, the Corporation pursuant to the Corporation's share option plan.

The Compensation Committee currently comprises Ron Schmitz, Paul Wang and David Salari, all independent directors. Each member of the Compensation Committee has direct experience relevant to their responsibilities on the Committee, including acting as officers and directors of other publicly traded corporations so that they are familiar with remuneration in the Corporation's industry.

Philosophy

The philosophy used by the Compensation Committee in determining compensation is that the compensation should (i) reflect the Corporation's current state of development, (ii) reflect the Corporation's performance, (iii) reflect individual performance, (iv) align the interests of executives with those of the shareholders, (v) assist the Corporation in retaining key individuals, and (vi) reflect the Corporation's overall financial status.

Compensation Components

The compensation of the NEOs comprises primarily (i) base salary; and (ii) long-term incentive in the form of stock options granted in accordance with the share option plan.

The Compensation Committee also relies on the experience of its members as officers and directors at other companies in similar lines of business as the Corporation in assessing compensation levels. These other companies are identified under the heading "Corporate Governance – Directorships" of this Circular. The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish as a basis for developing salary adjustments and short-term and long-term incentive awards for the Compensation Committee's approval.

To date, no specific formulas have been developed to assign a specific weighting to each of these components. Instead, the Board considers the Corporation's performance and assigns compensation based on this assessment and the recommendations of the Compensation Committee.

Base Salary

The Compensation Committee and the Board approve the salary ranges for the NEOs. The base salary review for each NEO is based on assessment of factors such as current competitive market conditions, compensation levels within the peer group and particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual. The Compensation Committee, using this information, together with budgetary guidelines and other internally generated planning and forecasting tools, performs an annual assessment of the compensation of all executive and employee compensation levels.

Share Option Plan

The Board has established an incentive share option plan effective April 13, 2007, as amended on January 27, 2011, (the "Plan") in accordance with the policies of the TSX Venture Exchange. The purpose of the Plan is to attract and motivate the directors, officers and employees of the Corporation (and any of its subsidiaries), employees of any corporation that provides

management services and consultants to the Corporation, (collectively the “Optionees”) and thereby advance the Corporation’s interests by providing them an opportunity to acquire an equity interest in the Corporation through the exercise of stock options granted to them under the Plan.

The Plan provides that the Board, or a special committee of Directors appointed by the Board, may grant options to purchase Common Shares on the terms that the Directors may determine, within the limitations of the Plan.

The principal terms of the Plan are as follows:

1. the total number of Common Shares issuable pursuant to the Plan shall not exceed 10% of the outstanding Common Shares from time to time;
2. the number of Common Shares reserved for issuance, within a one-year period, to any one Optionee shall not exceed 5% of the outstanding Common Shares at the time of grant;
3. the aggregate number of Common Shares reserved for issuance, within a one-year period, to any one consultant of the Corporation may not exceed 2% of the outstanding Common Shares at the time of grant;
4. the aggregate number of Common Shares reserved for issuance, within a one-year period to persons employed to provide investor relations activities may not exceed 2% of the outstanding Common Shares at the time of the grant;
5. the maximum number of Common Shares reserved for issuance pursuant to Options granted to insiders of the Corporation at any time may not exceed 10% of the number of outstanding Common Shares at the time of the grant;
6. the options granted will have a maximum term of 10 years from the date of grant;
7. the option is non-assignable and non-transferable;
8. if an Optionee ceases to be a director, officer, employee, consultant or management company employee of the Corporation or a subsidiary of the Corporation, any option held by such Optionee may be exercised within 90 days (or 30 days in the case of an Optionee engaged in investor relations activities) after the date such Optionee ceases to be at least one of a director, officer, employee, consultant or management company employee of the Corporation or a subsidiary of the Corporation;
9. upon the death of the Optionee, the option may be exercised by such Optionee’s heirs or administrators and shall terminate on the date determined by the Board, which date shall not be later than the earlier of the expiry date of the option and one year from the date of death of the Optionee; and
10. the exercise price of any option shall be fixed by the Board when such option is granted, provided that such price shall not be less than the market price of the

common shares of the Corporation, or such other price as may be permissible under the applicable rules and regulations of all regulatory authorities to which the Corporation may be subject, including the TSX Venture Exchange.

The Directors may amend or discontinue the Plan at any time, provided that no such amendment may, without the consent of the Optionee, alter or impair any option previously granted to an Optionee under the Plan and provided further that any amendment to the Plan will require the prior consent of the TSX Venture Exchange, if applicable.

The Compensation Committee believes that the Plan aligns the interests of the NEOs with the interests of shareholders by linking a component of executive compensation to the longer term performance of the Corporation's Common Shares.

Options are generally granted on an annual basis subject to the imposition of trading black-out periods, in which case options scheduled for grant will be granted subsequent to the end of the black-out period. All options granted to NEOs are recommended by the Compensation Committee and approved by the Board. In monitoring option grants, the Compensation Committee takes into account the level of options granted by comparable companies for similar levels of responsibility and considers each NEO or employee based on reports received from management, its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Compensation Committee also makes the following determinations:

- the exercise price for each option granted;
- the date on which each option is granted;
- the vesting terms for each option; and
- the other material terms and conditions of each option grant.

The Compensation Committee makes these determinations subject to, and in accordance with, the provision of the Plan.

Risks of Compensation Policies and Practices

The Compensation Committee does not specifically consider the implications of risks associated with the Corporation's compensation policies and practices relating to the compensation arrangements currently in place with the Corporation's NEOs given that they are relatively simple in structure and do not include any compensation or incentive awards tied to performance goals or short term objectives.

Director and Officer Hedging

The Corporation has not implemented any policies which restrict NEOs and directors from purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly by the NEOs or director. However, management is not aware of any NEO or director purchasing such an instrument.

C. Compensation Governance

For a discussion on policies and practices to determine the compensation of the Corporation's NEOs and directors, see "*Statement of Executive Compensation – Oversight and Description of Director and Named Executive Officer Compensation*".

The material terms of each agreement or arrangement under which compensation was provided during the most recently completed financial year or is payable in respect of services provided to the Corporation or any of its subsidiaries that were: (a) performed by a director or NEO; or (b) performed by any other party but are services typically provided by a director or NEO are as follows:

Carrington dated March 13, 2007, as amended January 31, 2010, pursuant to which he has agreed to provide services as a consulting geologist for the Corporation and to assist with management and direction of all technical, financial expenditure and budgeting aspects of the Corporation's Colombian subsidiary. In consideration for the provision of such services, the Corporation has agreed to pay Mr. Carrington a daily rate of US\$750 per eight hour work day and an hourly rate of US\$100 for partial or full hours in excess of eight hours, and reimburse him for any costs and expenses

incurred in acting as a geological consultant to the Corporation. The agreement may be terminated by either party on sixty days' notice. H. Termination and Change of Control Benefits

The Corporation has not provided compensation, monetary or otherwise, during the preceding financial year, to any person who now acts or has previously acted as a NEO of the Corporation, in connection with or related to the retirement, termination or resignation of such person and the Corporation has provided no compensation to such persons as a result of a change of control of the Corporation, its subsidiaries or affiliates. The Corporation is not party to any compensation plan or arrangement with the NEOs where a NEO is entitled to receive more than \$50,000 from the Corporation as a result of the resignation, retirement or the termination of employment of such person or a change of control of the Corporation or a change in the NEO's responsibilities following a change in control other than as described in "F. Employment Agreements". If a termination of employment had occurred on April 30, 2018, Mr. Carrington, in his capacity as the President & CEO of the Corporation, would have been entitled to receive US\$23,100.

There are no other agreements or arrangements containing provisions with respect to change of control, severance, termination or constructive dismissal.

CORPORATE GOVERNANCE

National Policy 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") of the Canadian securities administrators requires the Corporation to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Board of Directors

The Board has responsibility for the stewardship of the Corporation including responsibility for strategic planning, identification of the principal risks of the Corporation's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Corporation's internal control and management information systems.

The Board sets long term goals and objectives for the Corporation and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Corporation to senior management but the Board retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Corporation and its business. The Board is responsible for protecting shareholders' interests and ensuring that the incentives of the shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Corporation’s business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Corporation is authorized to act without Board approval, on all ordinary course matters relating to the Corporation’s business.

The Board also monitors the Corporation’s compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution.

The Board is responsible for appointment of senior management and for monitoring their performance.

The Board considers that the following directors are “independent” as defined in NI 58-101 meaning that they have no direct or indirect relationship with the Corporation which could, in the view of the Board, reasonably be expected to interfere with the exercise of his independent judgment and is not otherwise deemed not to be independent: Paul Wang, Ron Schmitz, Robert Archer and David Salari. The Board considers that Robert G. Carrington, the CEO and President of the Corporation, is not independent in view of his holding such positions within the Corporation.

The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, to facilitate open and candid discussion among its independent directors, and to facilitate the Board’s exercise of independent judgement in carrying out its responsibilities, the Corporation’s independent directors are encouraged to meet at any time they consider necessary without any members of management or non-independent directors being present.

4. a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Board seeks to foster a culture of ethical conduct by striving to ensure the Corporation carries out its business in line with high business and moral standards and applicable legal and financial requirements. In that regard, the Board:

- has adopted a written Code of Business Conduct and Ethics (the "Code") for its directors, officers, employees and consultants, a copy of which is available on SEDAR at www.sedar.com.
- has established a Corporate Governance Committee as described below under 'Other Board Committees'.
- has established a Whistleblower Policy which details complaint procedures for financial concerns as further described below in 'Audit Committee – Complaints'.
- encourages management to consult with legal and financial advisors to ensure the Corporation is meeting those requirements.
- is cognizant of the Corporation's timely disclosure obligations and reviews material disclosure documents such as financial statements, Management's Discussion & Analysis (MD&A) and press releases prior to their distribution.
- relies on its Audit Committee to annually review the systems of internal financial control and discuss such matters with the Corporation's external auditor.

- actively monitors the Corporation's compliance with the Board's directives and ensures that all material transactions are thoroughly reviewed and authorized by the Board before being undertaken by management.

The Board must also comply with the conflict of interest provisions of the British Columbia *Business Corporations Act*, as well as the relevant securities regulatory instruments and stock exchange policies, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mining industry are consulted for possible candidates.

Compensation

The Corporation has established a Compensation Committee, the members of which are listed under "Particulars of Matters to be Acted Upon – Election of Directors". All of the directors of this committee are independent within the meaning of NI 58-101. The Compensation Committee will, among other things, recommend to the Board the compensation of the Corporation's directors and executive officers, based, in the case of the executive officers, on the factors outlined under "Statement of Executive Compensation – Compensation Discussion and Analysis" and, in the case of directors, among other things, on the time commitment, effort and success of each individual's contribution towards the success of the Corporation and a comparison of the remuneration paid by the Corporation to publicly available information of the remuneration paid by other reporting issuers (public companies) that the Committee feels are similarly placed within the same business of the Corporation.

In addition, the executive officers and directors are granted stock options under the Corporation's Share Option Plan. The Compensation Committee will determine the terms of each stock option within the parameters set out in the Corporation's Share Option Plan and applicable stock exchange rules and policies.

Since the beginning of the Corporation's last financial year, no compensation consultant or advisor was retained to assist in determining compensation for any of the Corporation's directors and officers.

Other Board Committees

The Board has established a Corporate Governance Committee. See "Particulars of Matters to be Acted Upon - Election of Directors" for the members of this committee. The Corporate Governance Committee is responsible for advising the Board of the appropriate corporate governance procedures that should be followed by the Corporation and the Board and monitoring compliance with such procedures.

All of the members of the Corporate Governance Committee are independent within the meaning of NI 58-101.

Assessments

The Board has not, as yet, adopted any formal procedures for regularly assessing the effectiveness of the Board, its Committees or individual directors with respect to their effectiveness and contributions. Nevertheless, their effectiveness is subjectively measured on an ongoing basis by each director based on their assessment of the performance of the Board, its committees or the individual directors compared to their expectation of performance. In doing so, the contributions of an individual director are informally monitored by the other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.
